

## Design Experience

### Adjunct Professor / Bryant & Stratton College, Rochester, NY

Developed and taught course materials for topics including: graphic design, interaction design, usability, and web development.

### Web Designer / YellowPageCity.com, Rochester, NY

Created engaging, interactive web-based advertisements, banners, and web sites for large and small businesses in the automotive, health, insurance, technical support, and general construction industries.

### Interaction Designer, Intern / Eastman Kodak, Rochester, NY

Worked on the conceptual development, production, and implementation of creative assets for Kodak's digital cameras, digital video cameras, and digital frames. Additional responsibilities included the creation of graphical user interfaces for handheld devices, Flash prototyping, and usability testing.

### Graphic Designer / Prospectiv, Wakefield, MA

Created compelling, interactive business collateral in the form of emails, surveys, banners, landing pages, and promotional websites for Fortune 1000 companies focused on customer acquisition and lead generation.
